

Learn the Signs. Act Early. (LTSAE)

CDC's "Learn the Signs. Act Early." program encourages parents, health care professionals, and early childhood providers to celebrate and learn about healthy child development, monitor every child's development, and act early if there is a concern. The program offers a variety of free materials to make developmental monitoring practical and easy.

For a list of all LTSAE's free materials, visit <https://www.cdc.gov/ncbddd/actearly/index.html>

Janel.preston@usu.edu Ambassador for Utah

Check out a few of the new materials to share with families, on social media sites, with partners, or for you to learn more about development!

Resources for Early Childhood Educators

As an early childhood educator, you are a valuable resource to parents! They look to you for information about their child, and they trust you. CDC's "Learn the Signs. Act Early." (LTSAE) has FREE research-based, parent-friendly resources on child development to help you boost family engagement and your own professional development.
