Dear Alice Dunham,

This link gives you access to your child’s ‘Oct 2013 IFSP’. To view this information click on the link below:

Oct 2013 IFSP

This link gives you access to all of your child's documents. To view this information click on the link below:

You will not be able to reply to this email or email address. If you have questions or problems opening this link, please contact Kids Kare by phone at 801-266-3939.
ONCE A PARENT CLICKS ON LINK IN E-MAIL THEY WILL BE PROMPTED TO SET UP THEIR DEVICE

Note: A parent only has to do this once on their device. Each document sent after they register will be accessible without having to answer the challenge questions.

Parent Challenge Questions
The parent challenge questions are presented each time a parent attempts to view a PDF on a device that is not authorized, i.e., one that they have not previously used and registered. The challenge questions are based on information already obtained by the EI provider regarding the child. More than one challenge question is required to reduce the likelihood that someone other than the parent/guardian would possess the information and be able to answer the challenge questions.

Example challenge questions are provided below (listed in order of difficulty for a non-parent to obtain). The parent would be required to answer three challenge questions correctly before getting access to a child’s printed form.

- What is your child’s middle name?
- What is your child’s date of birth?
- What is your family’s main phone number?
- What is your child’s service provider’s first name? (e.g., a list of names would be shown--John, Robert, Fred, Tom – where only one is correct)
- What is your family’s zip code?
- What is your monthly family fee dollar amount? [if a child does not have public insurance]
